cat

CAT, the PURRRfect chair. It sits in waiting rooms and rest areas, attends conferences, training sessions and lectures. It gathers informally around cafeteria and bistro tables and cuddles up to 20 high in a cart and rolls away when not needed. Its adaptability, famous suspension, comfort and slick feline look make it a truly exceptional chair. The CAT is also available in bariatric version, 24" wide and 500 lbs capacity.

cat bariatric

Greenguard certified, manufactured in ADI's ISO 9001 and ISO 14001 compliant facility.

SHOWROOMS: Atlanta, Cleveland, Los Angeles, Montreal, Ottawa, Portland, San Francisco, Toronto
